

Dementia Specialist Site Selection Feasibility Questionnaire

Instructions:

Thank you for your interest in the New Imaging Dementia - Evidence for Amyloid Scanning (New IDEAS) study. We are looking forward to learning more about the operations of your practice and the patient population that you care for. After reviewing the New IDEAS protocol, please complete the below questionnaire via the link found on the study website. This document serves as resource for sites to review the questions being asked prior to filling out the survey online. After submission of the questionnaire, the study team will review all responses and provide you with a decision on your participation in the study.

*Sincerely,
The New IDEAS Study Team*
