

Memorandum

Please note the following updates to the IDEAS Database as of 08/01/2016:

PET Facility Registration Form:

An additional question has been added to the physician profile:

Are you eligible to bill Medicare for your services? Yes No

All forms:

Beginning 08/01/2016, all data corrections must be requested using the “Submit Data Change” button on the form you are requesting a data correction to. Simply open the form you want to request changes to and click on the “Submit Data Change” button to detail, in the box, the corrections for that form and then click “Send”. You will be contacted by IDEAS Staff if clarification is needed. Please review the attached document that includes screen shots of the new process. Please email Ideas-Datamanagement@acr.org with any questions regarding the new process.

The screenshot displays the IDEAS web interface for Case #92 (Patty Duke, 12/08/1948). The navigation sidebar on the left includes: Case Registration, PET Completion (16), PET Report (1), PET Assessment, My Requests, and a highlighted 'Submit Data Change' button with a red arrow pointing to it. The main content area shows the 'Amyloid PET Completion Form' with the following details:

- Identification Data:**
 - PET Facility ID#: 8006
 - IDEAS Study Case#: 92
 - Referring Physician Name: Scott McGinnis
 - Date Scan Completed: 04/06/2016
- Scan Type (you must check one):**
 - PET Only
 - PET/CT
 - PET/MRI
- Radiopharmaceutical:**
 - F-18 florbetaben (Neuraceq™)
 - F-18 florbetapir (Amyvid™)

A green message bar at the top of the form states: "This record has been submitted."
